Opportunities Created through the Cohort:

- Demonstrated capacity and readiness to implement with success
- Opportunity to develop a scalable model for a majority of Colorado's schools districts
- Opportunity to explore BOCES as an agent of implementation

Participating Districts Demonstrated Readiness in a mix of these areas:

- Professional learning community structures
- Collaborative working relationship among key leaders
- Support for the project from key leaders (board, district administrators, principals, teachers)
- Commitment to the grant goals
- Data analysis capacity
